SUBJECT INDEX*

A

Adrenergic blocking agents in treatment of hypertension (Wolff), 133
Africa, problems of rehabilitation of leprosy patient in high prevalence area (Lechat and Puissant), 221
Aged, disabling fractures in (Bick), 478
  persons, multidisciplinary studies of illness in, new classification of socio-economic functioning (Staff of The Benjamin Rose Hospital), 453
Agent(s), adrenergic blocking, in treatment of hypertension (Wolff), 133
  new chemotherapeutic, determination of number of patients required in preliminary and follow-up trial (Gehan), 346
Arteriosclerotic and hypertensive heart disease, frequency among working populations in Finland (Rautaharju, Karvonen, and Keys), 426
Athletes, late results in treatment of injuries to (O'Donoghue), 533
Autistic children in automatically controlled environment, development of performances (Ferster and DeMyer), 312
  speech behavior and language comprehension (Pronovost), 228

B

Behavior disorders, use of psychopharmacologic agents in retarded children with (LaVeck and Buckley), 174
  speech, and language comprehension of autistic children (Pronovost), 228
Biostatistics, 439
Blocking agents, adrenergic, in treatment of hypertension (Wolff), 133
Blood pressure, experimental study of comparative responses to different noxious stimuli (Shapiro), 293
  levels in white and Negro residents of Nassau, sampling study (Johnson and Remington), 39
Book reviews:
  Cancer and allied diseases of infancy and childhood (Ariel and Pack, editors), 466
  Communicable and infectious diseases (Top), 87
  Controlled clinical trials (Hill, editor), 465
  Detoxication mechanisms. The metabolism and detoxication of drugs, toxic substances and other organic compounds (Williams), 86
  Diagnostic roentgenology of the digestive tract without contrast media (Wolf, Khilnani, and Lautkin), 374
  Disease and the advancement of basic science (Beecher, editor), 375
Book reviews—Cont'd
  Drugs and behavior (Uhr and Miller, editors), 466
  Epilepsy and related disorders (Lennox), 84
  Experiments in hearing (von Békésy), 86
  Geriatric nursing (Newton), 288
  Human pituitary hormones (Wolstenholme and O'Connor, editors), 377
  Hypertension. Volume VIII, Electrolyte and autonomic factors (Skelton, editor), 375
  Insulin (British Medical Bulletin, Vol. 16), 375
  An introduction to pharmacology (Lewis), 85
  Leukaemia. Research and clinical practice (Hayhoe), 84
  The liver and cancer: A new cancer theory (Blond), 377
  The misrepresentation of arthritis drugs and devices in the United States (Walrad, research consultant), 376
  The modern treatment of asthma, with special reference to gold therapy (Banszky), 376
  Neuropharmacology (Abramson, editor), 84
  Physiology of the retina and the visual pathway (Brindley), 86
  Surgical diseases of the pancreas (Howard and Jordan), 466
  A syllabus of laboratory examination in clinical diagnosis (Page and Culver, editors), 374
  Symposium on salt and water metabolism (Fishman), 85
  The torch (Penfield), 465
  The year book of medicine (Beeson et al., editors), 374

C

Cancer, 69
  and allied diseases of infancy and childhood (B. rev.), 466
  chemotherapy, advances in (Shanbrom), 69
  thyroid, and thyrotoxicosis, relation to endemic goiter (Pendergrast, Milmore, and Marcus), 22
Cardiovascular, 39, 133, 148, 293, 426
  disease screening with miniature chest x-ray (Thompson et al.), 148
Cerebral palsy (Cooper), 507
  familial (Adler), 207
  of postnatal origin, current etiological concepts (Hawke), 200
Chemotherapeutic agent, new, determination of number of patients required in preliminary and follow-up trial (Gehan), 346
Chemotherapy, cancer, advances in (Shanbrom), 69
Chest x-ray, miniature, cardiovascular disease screening with (Thompson et al.), 148

*January, pp. 1-90; February, pp. 91-184; March, pp. 185-288; April, pp. 289-378; May, pp. 379-468; June, pp. 469-568.

Children, autistic, development of performances in automatically controlled environment, (Ferster and DeMyer), 312
speech behavior and language comprehension (Pronovost), 228
with cleft lips and palates, counseling parents (Spriestersbach), 244
retarded, with behavior disorders, use of psychopharmacologic agents in (LaVeck and Buckley), 174
Chronic diseases, treatment, how orthopedic surgeon can help general practitioner in (Mayer), 470
Chronically disabled, rehabilitation (Mazet and Perry), 551
Cleft lip and palate, clinical management and rehabilitation (Marcks et al.), 239
counseling parents of children with (Spriestersbach), 244
Clinical management and rehabilitation in cleft lip and palate (Marcks et al.), 239
manifestations of systemic lupus erythematosus (Bennett et al.), 411
Cohort life tables, use in family studies of disease (Newell et al.), 439
Collagen diseases, 411
Communicable and infectious diseases (B. rev.), 87
Comprehension, language, and speech behavior, of autistic children (Pronovost), 228
Congenital malformations, first international conference on (Ebert), 91
Constrictive pericarditis, psychologic aspects of convalescence following pericardectomy (Eifrig et al.), 52
Contribution of handicapped to world economy (Switzer), 271
Control of poliomyelitis and its sequelae, significant trends in (Shepherd), 190
Controlled clinical trials (B. rev.), 465
Convalescence following pericardectomy in constrictive pericarditis, psychologic aspects (Eifrig et al.), 52
Counseling parents of children with cleft lips and palates (Spriestersbach), 244
Cutaneous findings, emphasis on, in lupus erythematosus, dermatomyositis, and scleroderma (Winkelmann), 401

D

Dermatological problems, symposium, 379-410
introduction (Smith), 379
Dermatomyositis, lupus erythematosus, and scleroderma, diagnosis and treatment with emphasis on cutaneous findings (Winkelmann), 401
Determination of number of patients required in preliminary and follow-up trial of new chemotherapeutic agent (Gehan), 346
Detoxication mechanisms. Metabolism and detoxication of drugs, toxic substances and other organic compounds (B. rev.), 86
Development of performances in autistic children in automatically controlled environment (Ferster and DeMyer), 312
Diabetes, efficiency of screening tests for (Remein and Wilkerson), 6
Diagnosis and treatment of lupus erythematosus, dermatomyositis, and scleroderma, with emphasis on cutaneous findings (Winkelmann), 401
Diagnostic roentgenology of the digestive tract without contrast media (B. rev.), 374
Disabled, chronically, rehabilitation (Mazet and Perry), 551
in Great Britain, rehabilitation (Malkin), 261
symposium of selected papers presented at Eighth World Congress of International Society for Rehabilitation of, 185-287
Disabling fractures in aged (Bick), 478
Disease(s) and advancement of basic science (B. rev.), 375
chronic, help of orthopedic surgeon to general practitioner in treatment (Mayer), 470
heart, arteriosclerotic and hypertensive, frequency among working populations in Finland (Rautaharju, Karvonen, and Keys), 426
neuromuscular, problems with advancing years (Gucker), 487
screening, cardiovascular, with miniature chest x-ray (Thompson et al.), 148
use of cohort life tables in family studies of (Newell et al.), 439
Disorders, behavior, use of psychopharmacologic agents in retarded children with (LaVeck and Buckley), 174
Drugs and behavior (B. rev.), 466

E

Editorials:
Present status of psychopharmacology (Shepherd), 289
Some remarks on the management of neurosyphilis (Hahn), 1
Endocrinology, 6, 22
Environment, automatically controlled, development of autistic children in (Ferster and DeMyer), 312
Epidemiology of staphylococcal infection, studies on (Minchew and Cluff), 354
Epilepsy and related disorders (B. rev.), 84
Experimental study of comparative responses of blood pressure to different noxious stimuli (Shapiro), 293
Experiments in hearing (B. rev.), 86

F

Finland, frequency of arteriosclerotic and hypertensive heart disease amoug working population (Rautaharju, Karvonen, and Keys), 426
Fractures, disabling, in aged (Bick), 478

G

General practitioner, help of orthopedic surgeon to, in treatment of chronic diseases (Mayer), 470
Geriatric nursing (B. rev.), 288
Goiter, endemic, relation of thyroid cancer and thyrotoxicosis to (Pendergrast, Milmore, and Marcus), 22

H

Handicapped, contribution to world economy (Switzer), 271
Heart disease, arteriosclerotic and hypertensive, frequency among working populations in Finland (Rautaharju, Karvonen, and Keys), 426
Histochemistry of the skin (Stoughton), 380
Human pituitary hormones (B. rev.), 377
Hypertension, adrenergic blocking agents in treatment (Wolff), 133
Volume VIII, Electrolyte and autonomic factors (B. rev.), 375
Hypertensive and arteriosclerotic heart disease, frequency among working populations in Finland (Rautaharju, Karvonen, and Keys), 426

I

Infection, staphylococcal, studies of epidemiology (Minchew and Cluff), 354
Infectious diseases, 354
Injuries to athletes, late results in treatment (O'Donoghue), 533
Insulin (B. rev.), 375
Interpretation of limp (Ahstrom), 515
Introduction to pharmacology (B. rev.), 85

L

Language comprehension, and speech behavior of autistic children (Pronovost), 228
Laryngectomees, problems (Gardner), 253
Leprosy patient in high prevalence area of Africa, problems of rehabilitation (Lechat and Puissant), 221
Leukaemia. Research and clinical practice (B. rev.), 84
Life tables, cohort, use in family studies of disease (Newell et al.), 439
Limp, interpretation (Ahstrom), 515
Lip(s) and palate(s), cleft, clinical management and rehabilitation (Marcks et al.), 239
counseling parents of children with (Spriestersbach), 244
Liver and cancer: New cancer theory (B. rev.), 377
Lupus erythematosus, dermatomyositis, and scleroderma, diagnosis and treatment with emphasis on cutaneous findings (Winkelmann), 401
systemic, clinical manifestations (Bennett et al.), 411

M

Malformations, congenital, first international conference on (Ebert), 91
Management, clinical, and rehabilitation of cleft lip and palate (Marcks et al.), 239
Manifestations, clinical, of systemic lupus erythematosus (Bennett et al.), 411
Methods, treatment, current, and potentials of research in muscular dystrophy (Henriksson), 234
Misrepresentation of arthritis drugs and devices in United States (B. rev.), 376
Modern treatment of asthma, with special reference to gold therapy (B. rev.), 376
Multidisciplinary studies of illness in aged persons. V. New classification of socioeconomic functioning in aged (Staff of The Benjamin Rose Hospital), 453
Muscular dystrophy, current treatment methods and potentials of research in (Henriksson), 234
reactions observed in boys 10 to 14 to (Sherwin and McCully), 59

N

Neuromuscular diseases, problems with advancing years (Gucker), 487
Neuropharmacology (B. rev.), 84
Neurosyphilis, remarks on management (Hahn) (Edit.), 1
Number of patients required in preliminary and follow-up trial of new chemotherapeutic agent, determination (Gehan), 346

O

Orthopedic problems in medical practice, symposium, 469-560
introduction (Voshell and Luck), 469
surgeon, help of, to general practitioner in treatment of chronic diseases (Mayer), 470
Osteoarthritis (Tobin), 495

P

Palate(s), cleft lip(s) and, clinical management and rehabilitation (Marcks et al.), 239
counseling parents of children with (Spriestersbach), 244
Palsy, cerebral (Cooper), 507
familial (Adler), 207
of postnatal origin, current etiological concepts (Hawke), 200
Parkinsonism (Gillingham), 215
Pericardectomy in constrictive pericarditis, psychologic aspects of convalescence (Eifrig et al.), 52
Pericarditis, constrictive, psychologic aspects of convalescence following pericardectomy (Eifrig et al.), 52
Physiology of retina and visual pathway (B. rev.), 86
Poliomyelitis and its sequelae, significant treads in control (Shepherd), 190
Postpartum psychoses, picture puzzle (Paffenbarger), 161
Psychiatry, 52, 59, 161, 174, 312
Psychologic aspects of convalescence following pericardectomy in constrictive pericarditis (Eifrig et al.), 52

Psychopharmacologic agents, use in retarded children with behavior disorders (LaVeck and Buckley), 174
Psychopharmacology, present status (Shepherd) (Edit.), 289
Psychoses, postpartum, picture puzzle (Paffenbarger), 161

R

Reactions observed in boys 10 to 14 to muscular dystrophy (Sherwin and McCully), 59
Rehabilitation and world peace (Rusk), 187
of chronically disabled (Mazet and Perry), 551
clinical management and, of cleft lip and palate (Marcks et al.), 239
of disabled in Great Britain (Malkin), 261
symposium of selected papers presented at Eighth World Congress of International Society for, 185-287
of leprosy patient in high prevalence area of Africa, problems (Lechat and Puissant), 221
Research, potentials, current treatment methods and, in muscular dystrophy (Henriksson), 234
Results, late, in treatment of injuries to athletes (O'Donoghue), 533
Retarded children with behavior disorders, use of psychopharmacologic agents in (LaVeck and Buckley), 174
Role of volunteer in program operation and development (Mooney), 279

S

Sampling study of blood pressure levels in white and Negro residents of Nassau (Johnson and Remington), 39
Scleroderma, lupus erythematosus, and dermatomyositis, diagnosis and treatment with emphasis on cutaneous findings (Winkelmann), 401
Screening, cardiovascular disease, with miniature chest x-ray (Thompson et al.), 148
tests for diabetes, efficiency (Remein and Wilkerson), 6
Selected papers presented at Eighth World Congress of International Society for Rehabilitation of Disabled, symposium, 185-287
introduction (Rusk), 185
Skin, histochemistry (Stoughton), 380
sunlight and (Knox), 391
Socioeconomic functioning of aged, new classification. Multidisciplinary studies of illness in aged persons (Staff of The Benjamin Rose Hospital), 453
Sociology, 453
Special Report, 91
Speech behavior and language comprehension of autistic children (Pronovost), 228
Staphylococcal infection, studies of epidemiology (Minchew and Cluff), 354
Stimuli, different noxious, experimental study of comparative responses of blood pressure to (Shapiro), 293
Study, experimental, of comparative responses of blood pressure to different noxious stimuli (Shapiro), 293
Sunlight and skin (Knox), 391
Surgical diseases of the pancreas (B. rev.), 466
Syllabus of laboratory examination in clinical diagnosis (B. rev.), 374
Symposia:
Dermatological problems, 379-410 (May)
Orthopedic problems in medical practice, 469-560 (June)
Selected papers presented at Eighth World Congress of International Society for Rehabilitation of Disabled, 185-287 (March)
Symposium on salt and water metabolism (B. rev.), 85
Systemic lupus erythematosus, clinical manifestations (Bennett et al.), 411

T

Tables, cohort life, use in family studies of disease (Newell et al.), 439
Therapeutics, 346
Thyroid cancer and thyrotoxicosis in United States, relation to endemic goiter (Pendergrast, Milmore, and Marcus), 22
Thyrotoxicosis, and thyroid cancer, relation to endemic goiter (Pendergrast, Milmore, and Marcus), 22
The torch (B. rev.), 465
Treatmeant of chronic diseases, how orthopedic surgeon can help general practitioner in (Mayer), 470
diagnosis and, of lupus erythematosus, dermatomyositis, and scleroderma, with emphasis on cutaneous findings (Winkelmann), 401
of hypertension, adrenergic blocking agents in (Wolff), 133
of injuries to athletes, late results in (O'Donoghue), 533
methods, current, and potentials of research in muscular dystrophy (Henriksson), 234
Trends, significant, in control of poliomyelitis and its sequelae (Shepherd), 190
Trial of new chemotherapeutic agent, determination of number of patients required in preliminary and follow-up (Gehan), 346

U

Use of cohort life tables in family studies of disease (Newell et al.), 439

V

Volunteer, role, in program operation and development (Mooney), 279

X

X-ray, chest, miniature, cardiovascular disease screening with (Thompson et al.), 148

Y

Year book of medicine (B. rev.), 374
